

Wilkinson "WVC" Nickel Humbuckers

Wilkinson, as always, aim to please with the pickups, and these are no exception. These are their top of the line Humbuckers. You can really see why their happy to stamp their name on the cover.

The Bridge (8.3k (+/-10%)) is a real dream to play with. Subtle, smooth, well rounded with plenty of mids and Neck (7k (+/-10%)) oozes that traditional PAF sound. Perfect for Rock, pop, country and jazz - an incredibly well rounded set of pickups.

Technical Spec –

String Spacing - Bridge - 52mm , Neck - 50mm

Wiring -Thin Black = Live, Thick black/ Silver = Ground, Red & white = Coil Tap (Joined for normal operation)

Magnets = Alnico V

Wire = .42 Gauge Formvar
